

Gemini™

AI-Powered Revenue Integrity

Smarter Coding. Faster Reimbursement.
Stronger Revenue Integrity.

Healthcare organizations face increasing coding complexity, staffing shortages, evolving payer requirements, and growing compliance demands. Manual coding and documentation processes can lead to denials, delayed reimbursement, audit risk, and revenue leakage.

XBP Global combines **Gemini™ AI, LexiCode's certified coding experts, and managed Revenue Integrity services** to help healthcare organizations improve coding accuracy, accelerate billing, and maximize reimbursement—without compromising compliance.

\$ AI-Enabled Revenue Integrity

INTELLIGENT CODING POWERED BY GEMINI™

Gemini embeds AI directly into coding and Clinical Documentation Integrity (CDI) workflows, augmenting certified coders with intelligent automation.

AI Capabilities

- <> AI-assisted ICD-10, CPT, HCPCS, and modifier recommendations
- Q Clinical documentation analysis and gap identification
- || CC/MCC and HCC/RAF support
- ✓ Charge capture validation
- 📋 Coding quality and consistency checks
- 🧑 Progressive autonomous coding for eligible specialties
- 👤 Human-in-the-loop governance for compliance

END-TO-END REVENUE INTEGRITY SERVICES

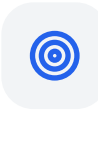

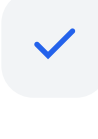

Powered by **LexiCode**, one of the industry's leading coding organizations, XBP delivers comprehensive mid-cycle services including:

- 📄 Clinical Documentation Integrity (CDI)
- 🏥 Inpatient, Outpatient & Professional Coding
- 📈 Risk Adjustment (HCC/RAF)
- 🛡️ Coding Audits & Compliance
- 💰 Revenue Integrity Consulting
- 🎓 Provider & Coder Education
- ★ Coding Quality Assurance

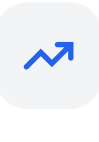

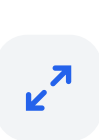

1,600+ credentialed coding professionals provide scalable support to reduce backlogs, improve turnaround times, and maintain consistent coding quality.

Business Value

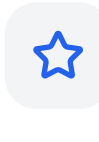

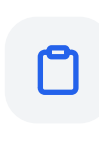

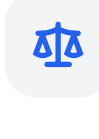

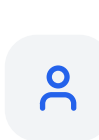

INCREASE REVENUE

-  Improve coding accuracy and reimbursement
-  Reduce coding-related denials
-  Strengthen charge capture
-  Accelerate billing and cash flow

IMPROVE OPERATIONAL EFFICIENCY

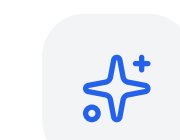

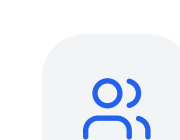

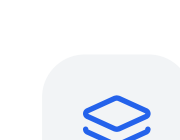

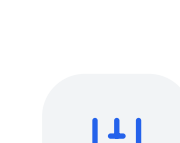

-  Increase coder productivity with AI
-  Reduce manual chart review
-  Eliminate coding backlogs
-  Scale resources based on demand

STRENGTHEN COMPLIANCE

-  Improve documentation quality
-  Enhance audit readiness
-  Maintain coding consistency
-  Human-in-the-loop AI governance

Why XBP Global?

XBP Global brings together AI technology, certified coding talent, and managed services under one partner, so healthcare organizations aren't stitching together separate vendors for coding, compliance, and revenue integrity. Gemini™ augments coders rather than replacing oversight, with human-in-the-loop governance built in from day one, and engagement models flex to fit an organization's size and specialty mix.

-  AI-powered coding intelligence with **Gemini**
-  Trusted expertise from **LexiCode's 1,600+ certified coding professionals**
-  Comprehensive Coding, CDI, Audit, Consulting, and Education services
-  Flexible managed services tailored to your organization's needs
-  Proven approach to improving revenue integrity and financial performance

Transform Your Mid-Cycle Revenue Operations

Modernize your coding and Revenue Integrity strategy with the combined power of **AI and expert coders**.

Schedule a personalized demonstration to discover how Gemini and LexiCode can help your organization improve coding quality, accelerate reimbursement, reduce denials, and strengthen compliance.

Gemini™ + LexiCode

AI-Augmented Coding. Trusted Human Expertise. Measurable Revenue Integrity.

ABOUT

At XBP Global, we grow with purpose: We orchestrate mission-critical systems that enable hyper-automation through domain expertise, adaptive AI, and measurable outcomes.
